

Paradise

Melody & Lyrics by Rebecca Price

I see a rainbow inside of you
And I'll see that rainbow
Every time I see you.

Each of you
Has a unique side:
A kind side,
A heart.

***Each of you are just like us,
You will all go your own way in life.
All of you will make it in the world
You will be known as someone great,
Someone great.***

Instrumental

***Each of you are just like us,
You will all go your own way in life.
All of you will make it in the world
You will be known as someone great,***

Now, in ten years, I can imagine
All of you,
Having a good life
In your own paradise,
In your own paradise,
In your own paradise.
